

Go back to school with confidence

At Kumon, students begin study at a level that allows them to build confidence from day one. Students progress through the programmes based on their ability rather than their age. Over time, students can study advanced material confidently and independently for success in school and everyday life.

Kumon Maths and English develop

- calculation ability and reading ability
- concentration
- a daily study and reading habit
- the confidence to learn independently.

Contact your local Kumon Centre to hear how we can support your child's learning.
